MY DOG

SCHOOL

Recently, I just started school again at UBC for the Master of Data Science. I have been learning some useful coding.

In [4]: *# telling Python to store a list of values*

```
a = [1,2,3,4,5,6,7,8]  
a
```

Out[4]: [1, 2, 3, 4, 5, 6, 7, 8]

In [20]: *# telling Python to store a list of values*

```
a = [1,2,3,4,5,6,7,8]  
[i**2 for i in a]
```

Out[20]: [1, 4, 9, 16, 25, 36, 49, 64]
